BACK OVER THE WALL

Formidable Chinese Forces Were Pushed by the International Troops.

FOUR HARD ENGAGEMENTS FOUGHT.

Celestials Occupied Strong Positions and Offered Fierce Resistance. Now in Panicky Retreat. Waldersee's Dispatch.

Berlin, April 29.—The German war office has received the following advice from Count Von Waldersee, commander of the allied troops at Peking: "Three engagements occurred April 23, and a fourth April 24, at the great wall, between four columns under General Ketteler and the Chinese troops under General Liu. The Chinese were everywhere defeated, and after a stubborn resistance were forced back over the wall, being pursued as far as Ku Kuan. Our casualties were four officers wounded and three men killed and 32 wounded. The French troops were not engaged.

"General Ketteler's brigade, reinforced, marched in four columns against the great wall, Colonel Ledebur being the right wing, then those commanded by Colonel Hoffmeister, Colonel Walmarck and Major Huehlonfels. Ledebur reached the wall April 24, after a slight engagement near Hal Shan Kwan. Hoffmeister drove back the enemy April 23. On the same day Huehlonfels encountered a strong party of the enemy occupying a position on the heights commanding the pass. The enemy fought stubbornly, in a particularly strong position, which was only taken after 11 hours' fighting. Huehlonfels and Lieutenant Richert were slightly wounded, and Lieutenant Drewells was severely wounded. A standard-bearer and another were killed, and six men severely and 10 slightly wounded.

"Walmerck attacked and dispersed, April 23, a far superior force of the enemy in a strong position east of the breach of Hae Ho, and effected a junction on the battlefield with the battalion under Major Muelmann, from T'ing Ching, where the pursuit overtook the enemy in a fresh position to the south. This was captured and the enemy were pursued as far as Ku Kuan. Walmerck followed them thither. The enemy suffered severely. Eleven old and two quick-firers were captured. On our side one man was killed and three were severely wounded and nine slightly. Lieutenant Deusterberg was shot through the right arm.

"The enemy are everywhere in retreat. General Von Lessel has arranged with General Bailloud that the French troops shall occupy Ku Kuan for the present and secure his left flank. Ketteler's brigade is marching by short stages to Pao Ting Fu, and Huehlonfels' battalion along the mountains to Peking."

The report of General Ketteler, received here from Kuo Lu, differs from the other reports concerning the German-French expedition previously received. General Ketteler's report shows that the Chinese troops did not leave the province till they were forced to do so. Li Hung Chang says it is impossible to believe that General Lui Kwang Ting could have so flagrantly disobeyed his orders, and anxiously awaits the Chinese report of the encounter referred to by General Ketteler.

Li Hung Chang paid return calls to the different legations, and congratulated Special Commissioner Rockhill on the stand taken by the Americans in the matter of indemnity. It is not generally thought among the ministry of the powers that Mr. Rockhill's effort in this direction will prove successful.

Nine Chinamen were executed in the American district for highway robbery and violence. The men in question were tried and sentenced according to Chinese law, but they are the first of such sentences to be approved by General Chaffee.

Presbyterian Creed.

St. Louis, Mo., April 29.—The Rev. Dr. Dickey of Philadelphia, moderator of the Presbyterian general assembly and member of the committee on creed revision, which made a report Friday, is in the city. When seen in regard to the committee's report, Dr. Dickey said: "Personally I do not think the recommendation of the committee on creed revision, if accepted by the Presbyterian church, would mean any change in our dogmas. The recommendations attempt only to explain some points of faith that are not fully understood, and emphasize others that are inadequately appreciated."

Toledo, O., April 29.—The bank at Pioneer, 40 miles from here, was entered by burglars. The vault was wrecked by dynamite and \$1,000 is said to be missing. No clew.

FUNSTON'S EXPECTATIONS.

Radical Change Resulted Through the Capture of Aguinaldo.

Iola, Kan., April 29.—Brigadier General Funston, writing to a fellow townsman under date of Feb. 26, a month before the capture of Aguinaldo, says he did not expect appointment in the regular army. He says: "Under the operations of the law I must be mustered out of the service July 1, as that is the last day of the volunteer army, and from that time all of the work will be turned over to the regulars. I was not disappointed that I was not given anything in the reorganization of the regular army, as I had no expectations. One so young as myself, who had never been connected with the regular army, could scarcely expect a brigadier generalship in that body over many gallant old men who have been in the service some of them 40 years. I am heartily glad that the increase in the regular army has allowed adequate recognition after many years of waiting to some of the splendid officers who have been made brigadier generals in the establishment during the past few weeks. My plans after my muster out are somewhat uncertain, though I have in view many good opportunities to do well by myself."

Bullet That Killed Grogan.

Cambridge, Mass., April 29.—The bullet which caused the death of Richard H. Grogan, Jr., was handed around for examination by the jury in the trial of Charles H. Eastman, charged with murdering Grogan. The bullet was introduced in connection with the testimony of Dr. Durrell, who was summoned when Grogan was killed and who was present at two autopsies. Dr. Durrell testified that after the shooting of Grogan he went to Eastman's house, where Eastman recounted the affair and illustrated how he stood relative to Grogan when the shot was fired. Eastman said he was trying to revolve the cylinder in the old revolver when it went off accidentally. Dr. Durrell told where the bullet was found in Grogan's body, and said it fitted the old rim fire revolver.

Clew to McCormick Mystery.

New York, April 29.—Captain Titus of the detective bureau held a conversation over the long distance telephone with Detective McConville, who is in Washington following what is thought to be the most important clew in regard to missing William McCormick of Highbridge that has yet been unearthed. Captain Titus said the signature "Gertrude" found on the slip of paper left at a photographer's in Washington by the two gypsy girls arrested there had been compared with the signature of Gertrude McCormick, the missing boy's sister, and that the two are almost identical. Captain Titus said he attached great significance to this clew and now has hopes of finding the missing boy.

Rounding Up Rustlers.

Cody, Wyo., April 29.—News has been received here of the killing of Jim McPeck by Detective W. D. Smith of Miles City. Smith and his posse arrested James Chapple, charged with rustling, and were taking him to a ranch about 60 miles away to secure other members of the gang. On the way they were approached by Jim McPeck, who was also wanted and who began a fusillade. The posse returned the fire and McPeck was killed. None of the posse was badly wounded. The authorities have sent out men to scour the country for the rustlers.

Passed Over the Pic Counter.

Washington, April 29.—The president appointed John W. Garrett of Pennsylvania secretary of legation at The Hague, Netherlands; Herman Ellerman, collector of internal revenue district of North and South Dakota; Alfred W. Brown, appraiser of merchandise, district of Boston and Charlestown, Mass.; Earl McRanston, United States attorney, district of Colorado; Henry Meldrum, surveyor general of Oregon; Harry D. Chamberlain, Indian agent Crow Creek agency, South Dakota.

French Appreciate Courtesies.

Paris, April 29.—The hospitality shown to the French training ship Duquay Trouin at Baltimore, Annapolis and New York has attracted attention here and is highly appreciated in official circles. Dispatches received at the foreign office speak of the warm welcome extended the French cadets and the French government is extremely grateful for the sympathy toward France displayed in the receptions of officers and men of the vessel by American authorities and people.

Rio Janeiro, April 29.—The Chilean minister to Brazil had an interview with the minister of foreign affairs. In spite of the efforts not to have the nature of the interview disclosed it is known that they discussed the pacific question. The Chilean minister declared that his country was not opposed to the solidarity of American nations, but was anxious that peace and good will should exist between the South American countries.

A FAMILY INCINERATED

Fire in a Southern Livery Stable Spreads and Does Deadly Work.

A DISCHARGED NEGRO SUSPECTED.

Father, Mother and Three Children Burned to Death and Others Injured—Day's Record of Crime and Casualty.

Houston, Tex., April 29.—In a fire which destroyed a livery stable and three residences, five persons were burned to death, Job Copping, a florist, his wife and three children. A negro has been arrested on the charge of having started the fire to get revenge on his employer for having discharged him. In the ruins were found the bodies of the victims, among them being an infant which had been born to Mrs. Copping during the progress of the fire. Its body was found with its mother's. Mr. and Mrs. Jeff Hopper jumped from the burning building, and both were badly injured. The fire started in a livery stable, over which several families lived. The building was a mere shell and was a mass of flames when the firemen arrived.

A crippled widow, Mrs. Thompson, escaped from the building, and says she saw the Copping family run back into their room from the hallway, and that was the last seen of them alive. The Hoppers were cut off from escape by the stairs and jumped. Mr. Hopper's leg being fractured and Mrs. Hopper receiving internal injuries.

Dog the Cause of It.

Birmingham, Ala., April 29.—A dog was the cause of a bloody fight three miles below Oxford, in which four persons participated, J. W. House and son Gus, and W. N. Johnson and his 14-year-old son. Both the Houses and the elder Johnson were shot with Winchester rifles and one was dangerously wounded. The elder House had killed a dog of Johnson's. Johnson pursued House and shot him twice through the stomach. Gus House, seeing the trouble, seized a gun and shot the elder Johnson, and was immediately shot by the 14-year-old son of Johnson, who escaped injury.

Miners Caught.

Latrobe, Pa., April 29.—It is rumored that in a fire which destroyed the tipple, boiler house and engine house of the Dorothy coal and coke plant of the American Steel and Wire company, four and possibly six miners lost their lives. At this time the rumor cannot be verified. The loss is estimated at \$150,000. Two persons were injured. It is feared that six more were in the shaft and perished. Thirty-nine mules were at the bottom of the shaft and these have undoubtedly burned to death. The fire will cause 400 miners to be thrown out of work.

Slaughter House Burned.

Chattanooga, April 29.—The slaughter house and cold storage plant of the Scholze Brothers' Packing company burned. Loss \$75,000. The fire exploded several tanks of chemicals in the firm's ice factory and cold storage plant, the firemen escaping twice almost miraculously. Both plants will be rebuilt at once.

Perished in the Fire.

Fond Du Lac, Wis., April 29.—Israel Raymond, watchman at the Gurney refrigerator factory, which burned, lost his life in the fire. His body has not been recovered. The revised estimate of the property loss is \$150,000, partially insured.

Throw Himself Under a Train.

Cleveland, April 29.—Joseph Glenning of Chicago committed suicide by throwing himself underneath a freight train in the Lakeshore yards at Collinwood. Glenning was between 60 and 70 years old and a veteran of the civil war.

Fires Under Control.

Ilyannis, Neb., April 29.—The prairie fires that for four days have been raging over this section of the state are now nearly under control. Only one head fire is still doing much damage. It is south of the town of Mullen.

Mysteriously Missing.

Salina, Kan., April 29.—Frederick Kinney, a young farmer of Jewell county, has been missing since last August, and it is feared he has been murdered. Henry Freeman, 20, now in jail at Wichita, was with Kinney when he was last seen alive, near Beloit, Kan., the two traveling in a wagon. Freeman is known to have sold Kinney's outfit. Four weeks ago the elder Kinney received a letter dated Wichita, telling him that his son was in trouble, and requesting him to send \$300 immediately to "C. M. Jones." Kinney placed the letter in the hands of a detective and a decoy letter was sent. It was taken from the postoffice by a man who, when traced by a detective to Abilene, arrested on a

charge of using the mails to defraud, and returned to Wichita, proved to be Freeman.

CALLAHAN GOES FREE.

Had No Part in the Cudaby Kidnaping—Jury Roasted.

Omaha, April 29.—The jury announced that James Callahan had no part in the kidnaping of Edward Cudaby, though the verdict was an evident surprise to the court, and Judge Baker expressed his disgust in emphatic terms. Callahan was immediately arrested on two other counts which the state is not now prepared to say will be made use of, as no new evidence is at hand and the expense of going over the ground again is considerable. As the words "not guilty" were pronounced in court Callahan half rose to his feet and smiled. His relief found no sympathy among the audience, however, and he turned his eyes gratefully toward the jury. Judge Baker studied the wording of the verdict for several minutes in silence, as though he had doubted the evidence of his ears. Then he rebuked the jury severely.

"If Callahan had made his own choice of a jury," said Judge Baker, "he could not have selected 12 men who could have served him more faithfully. The jury is discharged without the compliments of the court, and the prisoner is likewise released, as to this trial, I presume to continue the criminal practice in which you have failed to check him. I do not know what motive actuated you in reaching this decision, but I hope none of you will ever appear again in this jury box."

THIRD TRIAL SAVED HIM.

Count Cornulier Acquitted of Killing His Faithless Wife.

Paris, April 29.—Count Cornulier, after two days' trial for the murder of his wife November 17 by shooting her three times as she was leaving the house of a lawyer, M. Leroux, an admirer of the countess before her marriage, was acquitted amid the applause of those in court. The count made a speech, in which he thanked the jurors in the name of his children.

The Countess Cornulier was 31 years old and was a woman of unusual beauty. She was the daughter of Count Vianney and in 1887 married Count Charles Cornulier, who is 43. The eldest of their children is 13. The marriage proved unhappy, and on the advice of her father the countess separated from her husband four years ago. Last year she was given a decree by which she obtained possession of her children. The count discovered that the countess frequently visited M. Leroux, who is said to have acted as the legal adviser of the countess. The count, Nov. 17, secreted himself on the stairway of M. Leroux's home after having ascertained that his wife had entered the house, and when she descended the stairs without a word he fired at her three times with a revolver, each shot taking effect. She died in an ambulance without regaining consciousness. The count surrendered himself to the police, saying: "I did it. I am her husband." He was the first to give aid to his wife after she fell and had a priest called.

Wholesale Frauds Alleged.

St. Louis, April 29.—In the contest proceedings of George W. Parker, Republican candidate for mayor, filed against Mayor Wells, seven separate grounds for action are alleged. It is alleged that from 50 to 206 legal votes cast for Parker in each of the 333 precincts in the city were counted for Wells; that a large number of illegal ballots in nearly every precinct in the city were counted for Wells, although improperly initiated, mutilated or otherwise. It is further alleged that in numerous precincts many Parker votes were not counted for him; that thousands of Parker votes were extracted from the ballot boxes and replaced with Wells ballots; that there was a wholesale fraudulent registration, and finally that in 28 precincts the legally certified Republican judges and clerks were not allowed to serve, but their places were usurped by others under the protection of the police, who ejected the real judges and clerks from the polls when they appeared.

French Miners Voting.

Paris, April 29.—A referendum directed by the French miners' federation was held in all the coal basins, in accordance with the decision of the recent congress of miners, the question being whether a general strike should be declared in support of the miners on strike at Montceaux Les Mines. The final result will not be known until this evening. Partial returns received seem to favor a general strike.

Peking, April 29.—While the first train from Peking to Tien Tsin was traversing the bridge between Lo Fa and Ying Tsun, it was derailed by the collapse of a culvert. Eleven Chinese were killed and 40 Chinese and 20 Americans injured. One of the Americans can not recover.

SURPRISED THE CAMP.

Force of American Troops Hotly Engage a Band of Filipinos.

LATTER NOW HELD AS PRISONERS.

Valuable Papers Among the Booty Taken; These Belong the Property of Aguinaldo's Successor—Casualties.

Manila, April 29.—Captain Wilson Chase, with a detachment of the Twenty-first infantry, on April 26 surprised the camp of the insurgent General Cailles at Dugot, in the province of Laguna. Cailles was at his camp at the time of the American attack, but managed to escape. Captain Chase's force captured his adjutant general, five others of his staff officers, 14 men, 20 rifles, a large amount of ammunition and stores and all the papers and personal effects of the Filipino general. Insurgent Major Velo was killed during the engagement, as were Corporal McGill and Private Tipps, both belonging to Company A of the Twenty-first. Several columns of American troops continue vigorously to pursue General Cailles. General Cailles recently offered a reward of \$10,000 for the head of Captain Edward N. Jones, Jr., of the Eighth cavalry.

For more than a year past Cailles has commanded the insurgent forces operating to the east of Bay lake, not far from Manila. He is said to be a French half-caste. He has a reputation for vindictiveness and cruelty, and is one of the two or three Filipino leaders still in the field who have clearly ignored the observances of honorable warfare. The Society of Mando-Ducats, whose practice it was to assassinate and bury alive those of their countrymen who accepted American sovereignty whenever the latter fell into their hands, operated with the cognizance, if not the support of, General Cailles. If Cailles were captured it is doubtful if he could claim immunity for past actions under the terms of the amnesty. In January of this year Cailles offered a reward of \$10 a piece for the heads of all Americans brought to him.

Beet Sugar Factories.

Washington, April 29.—C. F. Saylor, the special agent in charge of the beet sugar investigation of the department of agriculture, is in Washington, and has submitted his report to Secretary Wilson. He says this year shows a very active tendency toward the institution of new beet sugar enterprises. Next autumn, he says, Michigan will have three new factories, and Ohio, Indiana, New York, Colorado, Utah, South and North Dakota and Illinois will install new factory enterprises, making 13 throughout the United States now in contemplation. Everything indicates that the industry is thoroughly established throughout the country.

Governor Candler Explains.

Atlanta, April 29.—Governor Allan D. Candler made a statement regarding his reported utterances at Savannah on the negro question, which were sent to many northern papers. The governor says there are many exaggerations in the clippings from the papers which have reached him, but that his remarks as published first in the Savannah papers are substantially correct. "However," said the governor, "the statement that I said that 'the people of the south did not need, did not want and would not have the assistance of the damned Yankees in this matter,' as published in some papers, is absolutely false."

Story Doubted.

Washington, April 29.—The department of agriculture has no information bearing on the reports that have been circulated in England charging Boer emissaries with inoculating horses shipped to South Africa with glanders and other maladies. Secretary Wilson places no credence in the story. He says, however, that it is possible it might have been done, probably by hostlers or other attendants aboard ship, if at all. There has been no examination of horse shipments by the department's representatives, as the British agents never have requested such inspection.

With Seals.

St. Johns, N. F., April 29.—The sealing steamer Kite, for whose safety some fear had been felt, reached port with 10,000 seals, almost a full load. She lost 1,400 when frozen between floes. During the early part of the season she steamed through immense herds of seals, but the ice was too broken to allow the crew to hunt them. She was nipped by floes near the shore finally, and her coal being exhausted, was obliged to depend upon her sails to reach port.

Those commissary frauds in the Philippines are turning out to be of more "consequence" than General MacArthur would have had us believe at the start. One of the thieves has been dishonorably discharged from the army and sentenced to two years imprisonment, and, according to the dispatches, there are others.

An examination of the new suffrage law of Maryland shows that it cannot be called an act of disfranchisement. It does not disfranchise any voter, but merely fails to take account of the defects of illiterates. Any voter may mark and cast his ballot if he knows how. No test of the intellectual qualifications of a citizen is provided for. The law is peculiar simply in that it makes no provision for aid in the marking of an illiterate's ballot, and in that respect is the same as the Australian ballot law in Ohio, as amended by the Republican Legislature in 1896.

An international trust protected by a tariff of 40 to 50 per cent. now controls the supply of that useful article, sewing thread, to American tailors, sewing women and households. The best of the joke, for all trusts are merely harmless jokes, is that the trust, called the "American Thread Company," was really organized in England and is an English concern, which sent over its agents to appraise the value of all the American establishments which were taken in. The trusts now run pretty much everything," says an exchange, "from a railroad to a spoon of cotton, or your coffee, sugar, or the oil in the household lamp. All pay tribute. That patient beast, the American consumer, catches it coming and going."

EX GOVERNOR DAVID B. HILL'S recent address to the Jefferson Club of Buffalo had the ring of true democracy. His arraignment of the Republican party, says an exchange, for its glaring inconsistencies and his denunciation of giant monopolies enjoying tariff favors in the guise of "infant industries" struck at the heart of one of the most menacing of all the abuses that have been fostered under the McKinley administration. The New York statesman's plain alignment of the Democratic organization as the great conservative force of the country to-day, opposed alike to plutocracy and socialism, to radicalism and monopoly, to imperialism in the Philippines and anarchy in Cuba, making no war on classes, but opposing vicious systems by which the people are oppressed, should inspire every true Democrat with hope for the future, as it certainly furnishes reason for pride in the past.

THAT rabid Republican paper, the Portsmouth Blade, has actually come out in favor of an income tax; and the next thing you are likely to hear is that the Blade has been read out of its party. It ventures the assertion that such a law would be very popular. A new light must have dawned on the Blade. Hear it: The man who has a great income, beyond his necessities, can with less inconvenience pay a heavier proportion of the expenses of government than the man who has a limited income. Theoretically he gets more benefit from life. The income tax is not the whim of some socialist nor the dream of some demagogue. It is a system of taxation resorted to by some of the wisest and most conservative governments in the world. It is a part of the English system of taxation which will endure as long as the Empire itself endures. Neither is it an attack on wealth. It is a logical attempt to get a fairer proportion of taxation from those who get the largest pecuniary returns. The income tax, on its merits, and not as a part of a scheme to throw down the protective tariff, will not prove an unpopular nor an unwise thing. Properly formulated into law there is but little doubt that the Supreme Court would sustain it.

The Blade and other Republican papers didn't talk like that when Democrats passed an income tax law a few years ago.

ENGLAND'S GREAT OUTLAY.

The Saturday Review, the most outspoken of the London weeklies, holding high position in journalism, says it was the "laughter of fools" when the British people ridiculed the prediction of President Kruger that they would have to pay \$500,000,000 for their South African experience.

"The facts are," says the Review, "we have already spent on the South African war £146,000,000, and as it is admitted that our expenditure is at the rate of

£1,000,000 a month, and we shall have to pay large sums for compensation and assistance to ruined farmers, the total probable cost will not be far short of £200,000,000. This would be five times what the Crimean war cost us, and nearly a third of the debt incurred in the great struggle with Napoleon." This puts the cost of South Africa, to say nothing of the loss of life, at a thousand millions of dollars, and all, the Review declares, because of Cecil Rhodes, Chamberlain and Milner.

THE BIRTHDAY OF A VETERAN.

We do not envy the partisan who can look upon the fine manly visage of the venerable Walter N. Haldman, as it appears in the Sunday impression of the "Courier-Journal," without a sentiment of admiration and respect for the splendid traits of character that are revealed in every feature, as they were illustrated in every phase of his long and checkered career;—eighty years of healthful existence in the greatest century of all time, and at least a half century of unflinching conflict with circumstances that would have cooled the aspirations and crushed the energies of a less vigorous, capable and resolute man. But, in close association with these virile energies, there were gentler qualities,—traits of disposition and character that have left a lasting impression upon the generations that, in grateful recognition of ceaseless and silent charities, rise up to bless his name. As citizens, and, in a sense, representatives of the town which gave him birth, we cannot allow the occasion to pass without this public expression of the sentiment of respectful admiration which is entertained by our fellow-citizens, and which, here as elsewhere, is sincerely felt in the felicitations of all who have the privilege of his acquaintance, or a familiar knowledge of his public career. The world in which we now live is disposed to pay generous tribute, not merely to the men who "succeed," but to those who have shown that the highest success is not incompatible with the principles and practices of a kindly, decent and unselfish life. Happily, we have drifted far from the times when the English satirist wrote:—
"See, how the world its veterans rewards;
A youth of frolics—an old age of cards!"

WONDERFUL TRUTHS

Discovered in Asia by Prof. Wright, the Geologist.

COLUMBUS, Ohio, April 26.—In a lecture delivered here to-night Prof. G. Frederick Wright, of Oberlin, who has made extensive geological excursions in Asia, said that prehistoric mounds similar to those in Ohio exist en route from Semipalatinsk to Tashkend. He found evidences that Asia's central portions had once been sunk 3,000 feet below the sea level since the existence of man. In Southern Russia Paleolithic implements, similar to those discovered in glacial deposits of America and Europe, have been found at a great depth in the undisturbed deposits of this period of submergence.

Valuable Timber.

[Georgetown, O., News-Democrat.]

Several weeks ago we spoke of a purchase of walnut timber, near Moscow, by John and Tom Donald. It consisted of forty-five trees, located on something like three acres of ground. They are cutting it now and one of the trees has turned out to be a very valuable piece of timber, by reason of its being wavy throughout nearly its entire length. An Indianapolis dealer who had heard of the purchase visited the timber last week and offered \$1,500 for this particular tree. The offer was refused, \$2,000 being asked. But for the fact that in the upper cuts one side of the tree is not as perfect as the other it would bring \$5,000 in the market.

"BOOM" TOWN

Abandoned in 1892 Will Be Revived By St. Louis Capitalists.

PADUCAH, Ky., April 26.—Representative Larue, a traveling salesman for the Simmons Hardware Company of St. Louis, states that E. C. Simmons and other capitalists of St. Louis have purchased Grand Rivers, a boom town thirty miles above here, established in 1890 by Multi-Millionaire Thomas Lawson, of Boston, but abandoned during a panic, causing many thousand dollars' loss in 1892. The St. Louis capitalists gave \$500,000 for the property, and will begin the erection shortly of a mammoth wire and steel nail factory, employing thousands of people. The great iron furnaces have lain idle since Lawson abandoned the place.

A Fortune in Fees.

The attorney fees in the big case of Wm. Means vs. heirs of Thomas W. Means have been adjusted and are as follows: Judson Harmon, \$10,000; John J. Glidden, \$15,000; H. P. Whitaker, \$12,500; John Little (estate), \$12,500; B. R. Cowan, \$2,500; Evan B. Williams, \$2,000; Mr. Frazer, \$500, and Joseph Finnell, \$1,100.

MRS. KATHERINE STALLCUP.

The Mother of Mayor Stallcup Passed Away Sunday After a Lingerin Illness—Funeral Tuesday.

Mrs. Katherine Stallcup, mother of Mayor W. E. Stallcup, died Sunday afternoon at 1:35 o'clock at the family residence on Forest avenue, of asthma, complicated with heart trouble. She had been a great sufferer from asthma the last twenty years, but during last winter seemed in the enjoyment of better health than usual, and was comparatively free from the periodical attacks up to about a month ago, when she was again stricken. She recovered to some extent, but did not regain her strength. During the severe wintry storm of some ten days ago, there was a recurrence of her old trouble, and she lingered in a critical condition until Sunday at the hour named. While she had suffered greatly, yet peacefully the end came, and she passed away as if falling into a gentle sleep.

Mrs. Stallcup was a native of Fleming County. She was born June 24, 1826, and was consequently in her seventy-fifth year. She was a daughter of William Bridges and lived for a time at Germantown before coming to Maysville. The last forty-three years of her life were spent in this city. She is survived by three children,—Mayor W. E. Stallcup and Mrs. John T. Smith, of this city, and Mrs. Ida Holliday, of Pittsburgh. Her husband, John Stallcup, died in 1865, and two sons, Samuel and Charles, have since passed away.

Mrs. Stallcup had long been a faithful member of the M. E. Church, and she always enjoyed the love and respect of her acquaintances in the fullest and highest degree.

The funeral will take place at the family residence Tuesday at 1:30 p. m., Rev. F. W. Harrop officiating. Burial in the Maysville Cemetery.

River News.

The Stanley will resume her trips today, and is due up to-night for Pomeroy.

The Workum brought up another excursion from Cincinnati Sunday, arriving at 7:30 last evening.

The flood in the Ohio is receding very slowly, the fall at this point amounting to only about four feet so far. The river will be in its banks in the next few days.

The Keystone State passed down this morning, the fall allowing her to get under the bridges above here. She left Pittsburg a week ago.

Capt. Phister's neat ferry Laurance did a big business Sunday, hundreds taking advantage of the delightful weather to enjoy a ride on the Ohio. Several short runs up the river were made.

Gov. Beckham has called for the resignation of Dr. E. B. McCormick, Superintendent of the Western asylum for the insane, as the result of charges preferred by William J. Childs and Mrs. Childs, the matron, both of whom have been discharged. The charges implicate Dr. McCormick and a young woman attendant in a scandal. She has since married. Dr. McCormick says the charges are the result of a conspiracy and refuses to resign, demanding an investigation.

Mr. John T. Smith is ill at Lexington.

Ray's soda fountain will be open Tuesday.

Mrs. Peed, of Forest Avenue, is somewhat improved after an illness of a month or so.

Mr. Ed. H. Bryant has been on the sick list several days, threatened with pneumonia.

Winchester Democrat: "Danville got the Collector's office from Richmond, now she is about to get the big college, and Richmond people are preparing to nail down the postoffice to keep Danville from getting that also."

The venerable Walter Newman Halldeman, of the Louisville Courier-Journal, celebrated the eightieth birthday April 27th. The eighty employees of his newspaper establishments presented him a silver tray of novel design as a memento of the anniversary.

The funeral of Mrs. Minnie Kincaid took place Sunday afternoon at 1 o'clock at the family residence on Lexington street, Rev. T. B. Stratton officiating. Her death occurred Friday and was caused by consumption. Her husband and one daughter survive her.

Frank B. Tully, formerly of Cottageville, is in jail at Portsmouth charged with horse stealing. He is a son of Ben Tully, who shot and badly wounded George Kelly last fall. Kelly is still in the Good Samaritan Hospital at Cincinnati, and it is said his wounds will prove fatal.

Mr. Joseph H. Dodson, the coal dealer, has moved his scales to Wall street at his place of business. The approach to the scales is made of paving brick, which will afford an opportunity of seeing how well brick will wear, and it may be the means of inducing our city fathers to substitute brick streets for the very costly and muddy thoroughfares made of macadam.

Augusta Chronicle: "Typographically or otherwise we made a mistake of \$10,000 in our statement of the amount left by Mr. Marshall for a city hall. It should have read \$24,544 instead of \$14,544, as we had it last week. Mr. Marshall has done handsomely by his native city. \$40,000 for water works, \$24,544 for a city hall and \$5,000 for the school district, a total of \$69,444."

Judge White, of the Court of Appeals, handed down an opinion Friday affirming, with damages, a judgment of the Mason Circuit Court in the case of the City of Maysville against Jennie Guilfoyle. The appellee secured judgment in the lower court for \$2,000 for injuries sustained through the alleged negligence of the city authorities. She fell on Lee street one night, breaking her leg.

A Raging, Roaring Flood
Washed down a telegraph line which Chas. C. Ellis, of Lisbon, Ia., had to repair. "Standing waist deep in icy water," he writes, "gave me a terrible cold and cough. It grew worse daily. Finally the best doctors in Oakland, Neb., Sioux City and Omaha said I had consumption and could not live. Then I began using Dr. King's New Discovery and was wholly cured by six bottles." Positively guaranteed for coughs, colds and all throat and lung troubles by J. Jas. Wood & Son. Price 50c. and \$1. Trial bottles free.

S. Woodward, of Morrow, Ohio, one of the directors of the proposed railroad between Morrow and other towns in Ohio, writes the Baltimore Manufacturers' Record that the road will be about 100 miles in length, terminating at a point on the Ohio river opposite Maysville. The company is entitled the Cincinnati, Dayton and Maysville Electric Railway Co.

Perhaps your watch don't keep time—runs too fast or too slow or may be it stops. Bring it to us, and no matter what is the trouble we will make it keep time to perfection and not charge you any more than others who are not competent to do first-class work if they wished.

BALLENGER, jeweler and optician.

The Department of Physical Culture at Hayswood will give its closing exhibition of its work at the opera house Friday evening, May 3rd. In response to a request the Junior Department will have a champion contest in a game of clubs. Music for the entertainment will be furnished by the Maysville Orchestra. Tickets 25 cents. Seats may be reserved without extra charge.

At the annual Transylvania declamatory contest at Lexington the first prize was won by Miss Francis E. Hamilton, of Frankfort, with "The White Cow," while the second prize was won by Mr. William Phillips, of Melbourne, Australia, subject, "The Roman Sentinel." This is the second victory for Miss Hamilton, she having won the recent Inter-Society contest at the Kentucky University.

A cable from London says: "Society's interest centers in the marriage of Miss Amy Morehead Walker, of Chicago, daughter of the late S. J. Walker, of Maysville, Ky., to Malcolm Moncreiffe, Baronet, and of the Duchess of Athola and Georgiana, Countess of Dudley, which occurred at St. Paul's Church, Knights Bridge. Miss Helen Jones, of Chicago, was the maid of honor." The bride is a granddaughter of the late Gov. Jas. T. Morehead.

Holds Up a Congressman.

"At the end of the last campaign," writes Champ Clark, Missouri's brilliant Congressman, "from overwork, nervous tension, loss of sleep and constant speaking I had about utterly collapsed. It seemed that all the organs in my body were out of order, but three bottles of Electric Bitters made me all right. It's the best all round medicine ever sold over a druggist's counter." Overworked, run down men and weak, sickly women gain splendid health and vitality from Electric Bitters. Try them. Only 50c. Guaranteed by J. Jas. Wood & Son, druggists.

Weekly review of the warehouse interests:
"The high water has been the disturbing element in our burley market, but, aside from materially curtailing the size of the breaks, it had little adverse effect.

"The market was considered quite strong and satisfactory. Buyers were out in full force, and the competition was spirited on all tobaccos in reasonably good keeping order. All such are in good request, and last week's quotations have been fully maintained.

"Cigary goods and red tips have, as heretofore, been the favorites in the bidding.

"Buyers for the prospective Regie contractors have been on the market with considerable strength, and speculators also had a share in making the week, despite the adverse conditions, a very satisfactory one.

"Receipts have been light, but not so small as might have been expected under the circumstances.

"The thirty hds. old offered averaged \$8.48 per 100 pounds, as against \$7.02 for the 182 hds. for the previous week, and \$9.31 for the 181 hds. for the corresponding week of last year.

"The 1,041 hds. new offered averaged \$6.61 per 100 pounds, as against \$6.44 for the 1,774 hds. for the previous week, and \$7.06 for the 776 hds. for the corresponding week of last year. The daily averages were as follows: Tuesday \$6.20, Wednesday \$6.64, Thursday \$7.02, Friday \$5.98.

DEPOSITORS EXCITED.

Savings Bank Closes Its Doors and Posts a Notice.

Westerly, R. I., April 29.—The Mechanics' Savings bank of this town did not open for business. The following notice was issued: "The trustees of the Mechanics' Savings bank, owing to the doubtful value of some of the bank's assets, have decided that it is for the best interests of the depositors that the bank go into liquidation, and action has already been taken looking to this result. Pending the granting of the authority, no money will be received or paid out." This action came as a great surprise to the town, and great excitement prevails among small depositors. The estimated sum of deposits is less than \$1,000,000.

Farmers Hit Hard.

Evansville, Ind., April 29.—The river is falling here. The greatest damage in this region is to farmers. It is estimated that 400,000 acres of wheat between this city and Paducah, Ky., are destroyed. The losses to houses is over \$100,000. Over 500,000 bushels of corn are destroyed in the crib. The lumbermen along Green river estimate their loss at \$100,000. Merchants in this city lose considerably by the water creeping through cellars. Loss to farmers along the Wabash river is heavy, 200,000 bushels of corn being swept away.

Flood Conditions.

Cincinnati, April 29.—The Ohio river continues to fall. Siphon pumps were clearing the cellars where water had receded. Navigation, including many sightseeing excursions, was resumed, and the railways are using their regular depots. Further down the river, on both the Kentucky and Indiana sides, the conditions are reported as very bad. Just above Henderson, Ky., there is danger of the channel changing owing to the water taking another course in the overflow.

Affray at a Dance.

Gilman, Ill., April 29.—At a country dance, three miles south of Gilman, the three Morris brothers, Walter, James and Philip, from this city, were shot. Walter died; the other two will recover, though James was seriously wounded. The shooting followed a fight between the brothers and three or four other guests at the dance. George Morrison did the shooting. He gave himself up to the sheriff, and claims he fired in self-defense.

Presidential Train Starts.

Washington, April 29.—The train which will carry the president and his party for the next seven weeks on their trip through the United States, started this morning with Frank Larmond as engineer and W. W. Albright as conductor. The train, which is practically new, is made up of seven cars. The president's own car, the Olympia, is in the rear of the train. The presidential party was in high spirit.

Grind less— get more

You will get more satisfaction from a cupful of Arbuckles' Coffee than from other coffees—and more cupfuls to the pound. Arbuckles' is not only better than many coffees that cost more, but is actually cheaper to use than the coffees that sell for a cent less per pound. Not another firm in the whole world can buy coffee to better advantage than the producers of

ARBUCKLES' Roasted Coffee

No other coffee (not even the fancy-priced) is cleansed, roasted, blended and packed with greater care or more skill. Buy Arbuckles' Coffee and get better quality and greater value than you could get in any other coffee at anywhere near the same price.

With each package of Arbuckles' Coffee you buy a definite part of some useful article (see list which each package contains). The article is yours whenever you present a certain number of signatures from the wrappers at our Notion Dept. Look for the list.
